Lockstraps

[Email](#) [Print](#) [Like](#) [Tweet](#)

Lockstraps tie-downs with combination locks make security simple — you've got no keys to lose! These tie-downs boast a steel cable inside the full length of the strap to prevent theft and add extra strength. They also feature soft tie extensions to protect plastic and paint from scratches. Lockstraps are ideal for powersports units with a working load strength of 500 pounds.
